

Welcome

to the official Web site of the State Office of Health and Social Affairs Berlin.

Our administration is responsible for a variety of different tasks in the field of health and social affairs, including the matters of the disabled, of asylum seekers, emigrants, immigrants, and many more seeking assistance and support.

A detailed description of our responsibilities, the exact location of our sites, the opening hours, and all specific contacts can be obtained on our German language pages. Unfortunately we are unable to offer you all the information concerning us in your native language.

However, it is possible for you to send us an e-mail in your native language, should you have further questions concerning our State Office. If you include a telephone number in your [E-mail](#), we would also gladly call you back personally.

We will try to answer your inquiry as soon as possible, but we kindly ask for your understanding that a reply may take several days due to the multitude of general public messages reaching our State Office on a daily basis.

Further information can also be obtained through the official Web site of the German Federal Ministry of Health and Social Affairs.
