

To parents of primary school children – especially for refugee parents englisch

Information regarding daycare in the Berlin district of Pankow

Dear Parents,

Primary schoolchildren can be supervised before and after class at the daycare center. This is great support for parents, particularly those who are busy with work. The children are well looked after in a safe environment while the parents are at work, and they have a wide range of games, exercise and musical activities to keep them entertained. They get a healthy lunchtime meal. They also receive help in completing their homework independently. The parents pay a contribution for this service based on their income. Supervision at the daycare center is also available during the school vacations for grades 1 to 4. Daycare during the vacation must be requested separately for grades 5 and 6. Children in grades 1 to 6 are eligible to attend the school daycare center.

Children who do not speak German as a first language also have the right to a place at the daycare center, since this enables them to learn German faster, find friends and, as a result, learn more effectively.

If you still receive benefits from the State Authority for Refugee Affairs (LAF) or the Job Center, the daycare center is free for you up until 4pm. It is only necessary to pay a subsidy for the food (€ per day).

Register your child at the daycare center. Make the most of this opportunity.

Your child then gets lunch at school. There are also vegetarian or pork-free options. You choose the meal in advance with your child.

The daycare center is good for your child.

- They learn the German language faster.
- They get help with their homework.
- They have more contact with German children.
- They can try out many different sporting, musical and creative activities.

And the advantage for you? You have more peace and quiet and time for your language course, career preparation or your job.

We advise all parents to register their children at the daycare center. As parents, you can also accelerate your own integration and, above all, that of your children.

We wish your child all the best and lots of fun at school
