**IF MY CHILD FALLS ILL...**
Dealing with respiratory illnesses at school/nursery

### My child has
- **generic cold symptoms**
  - no fever (up to 37.5°C)
  - nasal congestion
  - cough

- **symptoms associated with corona**
  - elevated temperature (up to 38.5°C)
  - nasal congestion
  - cough

### Child may not attend school/nursery or must be picked up from school/nursery straight away.
- 2 consecutive days with fever (over 38.5°C) possibly with chills and fatigue
  and/or
- impaired sense of smell/taste
  and/or
- muscle and limb pain
  and/or
- persistent cough, shortness of breath
  and/or
- any cold symptoms in the event of contact with (suspected) corona cases or return from a high-risk region

- Health condition deteriorates.
- Doctor does not arrange a corona test.
- Consider seeking medical attention. (Please call and state the symptoms.)

- Child must stay at home for at least 24 hours.
- Negative test result
- Health condition deteriorates.

- (Official) doctor arranges corona test.
  Child may not attend school/nursery between the test and receiving the result!

- Positive test result
  Follow the instructions of your district health department and inform the school/nursery.

- Child may attend school/nursery again after 24 hours without symptoms.

- Child may attend school/nursery again after quarantine and 48 hours without symptoms.
